In many ways, the match seems incongruous and difficult to account for, and yet Artisans and Guardians often find a comfortable balance in their opposition: the Guardian is able to settle the Artisan down a good deal, and the Artisan is able to loosen up the Guardian. A graph of the scores of other test takers at the AdvisorTeam.com web site is shown below, with your score shown by the red arrow. People who score high in Extraversion on the Keirsey Temperament Sorter II tend to be gregarious and expressive; those scoring high on Introversion tend to be private and reserved. Composers paint or sculpt, they dance or skate, they write melodies or make recipes-or whatever-simply because they must. Not only do two Artisans share each other's childlike love of fun and excitement, they also have so many concrete interests and activities in common-travel, sports, parties, shows, clothes, jewelry, and so on-that they can come together as playmates in a way not possible with persons of other temperament. Perception (P) (Your J-P Graph) The J-P scale measures how people process information and arrange their lives. Composers are especially sensitive to the pain and suffering of others, and they sympathize freely with the sufferer. The pairs of letters stand for the following concepts; E = Extraversion I = Introversion S = Sensation N = Intuition T = Thinking F = Feeling J = Judgment P = Perception Your Keirsey Temperament Sorter II Results (E) Extraversion 2 8 Introversion (I) (S) Sensation 5 5 Intuition (N) (F) Feeling 9 1 Thinking (T) (J) Judgment 2 8 Perception (P) Extraversion (E) vs. They have powerful feelings, certainly, but a strong show of emotion usually embarrasses them. This ability to lose themselves in action accounts for the spectacular individual From some composers, and yet on their social side, they show unparalleled goodness for all other types. They tend to have a few friends, and can stay in touch with larger groups, just long before their energies run out. Here is the adventurous craftsman, of fun, bursting with energy and longing for the emotion n of new experiences, eager to marry the caring and responsible tutor, the rock of Gibraltar standing watches the established rules and traditions of society. And so, instead of appearing to be losing self-control, they keep their feelings in control, even at the risk of looking hard-nosed or cold. They report that they feel a sense of urgency until a decision is made and can only rest after everything is resolved, with all loose ends tied up. More than the other craftsmen, the composers are in tune with their senses, and thus have a understanding of what belongs, and what belongs, in all kinds of works of art. They are quick to make schedules, schedules, schedules, etc., for themselves and for others to follow. These people are unhappy when their personal workplace, home, automobile is a disaster, and straightening things out is often near the top of their list. © 2002 AdvisorTeam.com, Inc. But every relationship has its strengths and weaknesses. The possible is always in front of these people: anyone who is can be better, and are fascinated by hip theses and potentials. The act is his master, not the opposite. Many composers have an instinctive yearning for the wild, and nature seems to welcome them. They tend to be frank and simple, willing to say their minds and stick to their weapons, even if it causes conflict with others. Their personal spaces are often messed up with an assortment of things they've picked up, used, then used Fall and forgot. The only problem is that, with both partners who live and play so hard, as quickly in the same direction, they can quickly quickly Between Sā and lose interest. The artisans can also be intrigued by the spirituality of the idealists and the sensation of personal velocity, so different from their own search of physical pleasure. Sensorial people (the great majority, perhaps 85%) seem more at home in the physical world, material, where they spend their time taking care of the business of daily life and clothing, transport and shelter, the Work and family, recreation and family, recreation and family. Focused, since they are often in their internal world, these people can miss much what is happening around it; For them, reality is not solid and present, but it is more mental image, or a stage of development towards some ideal future. Easy, even something impulsive, these people are usually quite tolerant to disorder. Below is a graph of the scores of other test sizes on the Advisorteam.com website below, with its score shown by the Red Arrow. The rational want a challenging work, individual creativity, achievement, empower employees and balance. Do not make mistake, composers are so interested à €
